

PROFILE

As a dedicated full-stack developer with a strong foundation in information technology, I bring a wealth of experience and proficiency in a diverse range of technologies. Having successfully completed two UK diplomas in computing, my skill set spans HTML, CSS, JavaScript, Bootstrap, PHP, MySQL, Photoshop, C#, and Visual Basic. I have demonstrated my capabilities through the development of a frontend ecommerce website, two full-stack websites, and a comprehensive student management system during my university year & internship. My commitment to excellence extends beyond coding, encompassing adept issue identification and resolution. Possessing excellent communication and interpersonal skills, I thrive in collaborative team environments. I am eager to contribute my expertise to dynamic projects, leveraging my passion for innovation and problem-solving.
